

- Photo to embelish. If you have an extra photo you don't want, it's good for testing pens.
- Selection of black inking pens. I use 01 Micron, Micron PN, Tombow mono drawing pen 05, or Sakura Microperm in 05 or 03, Permapaque 1mm.
- Posca markers to complement your photo. I use yellow, blue, orange.
- White gel pen. I use Sakura Gelly Roll 10.
- Gold pen. I use Pentouch and Sakura Gelly Roll.
- Good to have: opaque colored gel pens the same colors as the Posca markers.
- Practice paper or journal.
- Scrap paper to encourage ink from pens.
