

# CAN YOU TEACH ENSEMBLE ONLINE?

Yes and no.

Can you run a normal rehearsal over video a video conferencing platform? No. The lag means multiple people cannot play and hear each other simultaneously.

Can you continue to teach core ensemble skills both on and offline? Yes, with some creative thinking and planning!

# WHAT CAN I TEACH?

What are the key skills and experiences you want students to have in ensemble? They probably include:

- # Listening skills
- # Performing skills
- # Social experiences
- # Learning repertoire

All of these can be taught using alternative methods. Some are better than others, and nothing can exactly mimic an ensemble rehearsal using the current technology.
