# MY NAME IS JUAN SANTOS

I am a private  
practice consultant  
and Licensed  
Counselor in NC.

I love helping mental health  
professionals reach their goals  
while making their mark.

I love helping clinicians  
build success in their  
journey of private  
practice by tapping into  
curiosity and ambition.

I put together this workbook to help you  
set a clear foundation for your counseling  
private practice.
