[Terms of Use](#)

NOTE: Please complete the lessons in the order they are provided.

Challenge Tips:

- Stitches, labels, and ribbons work well for this technique.
- When you share your results, tell us what element(s) you extended.

If you post your page online, add this to your credits:

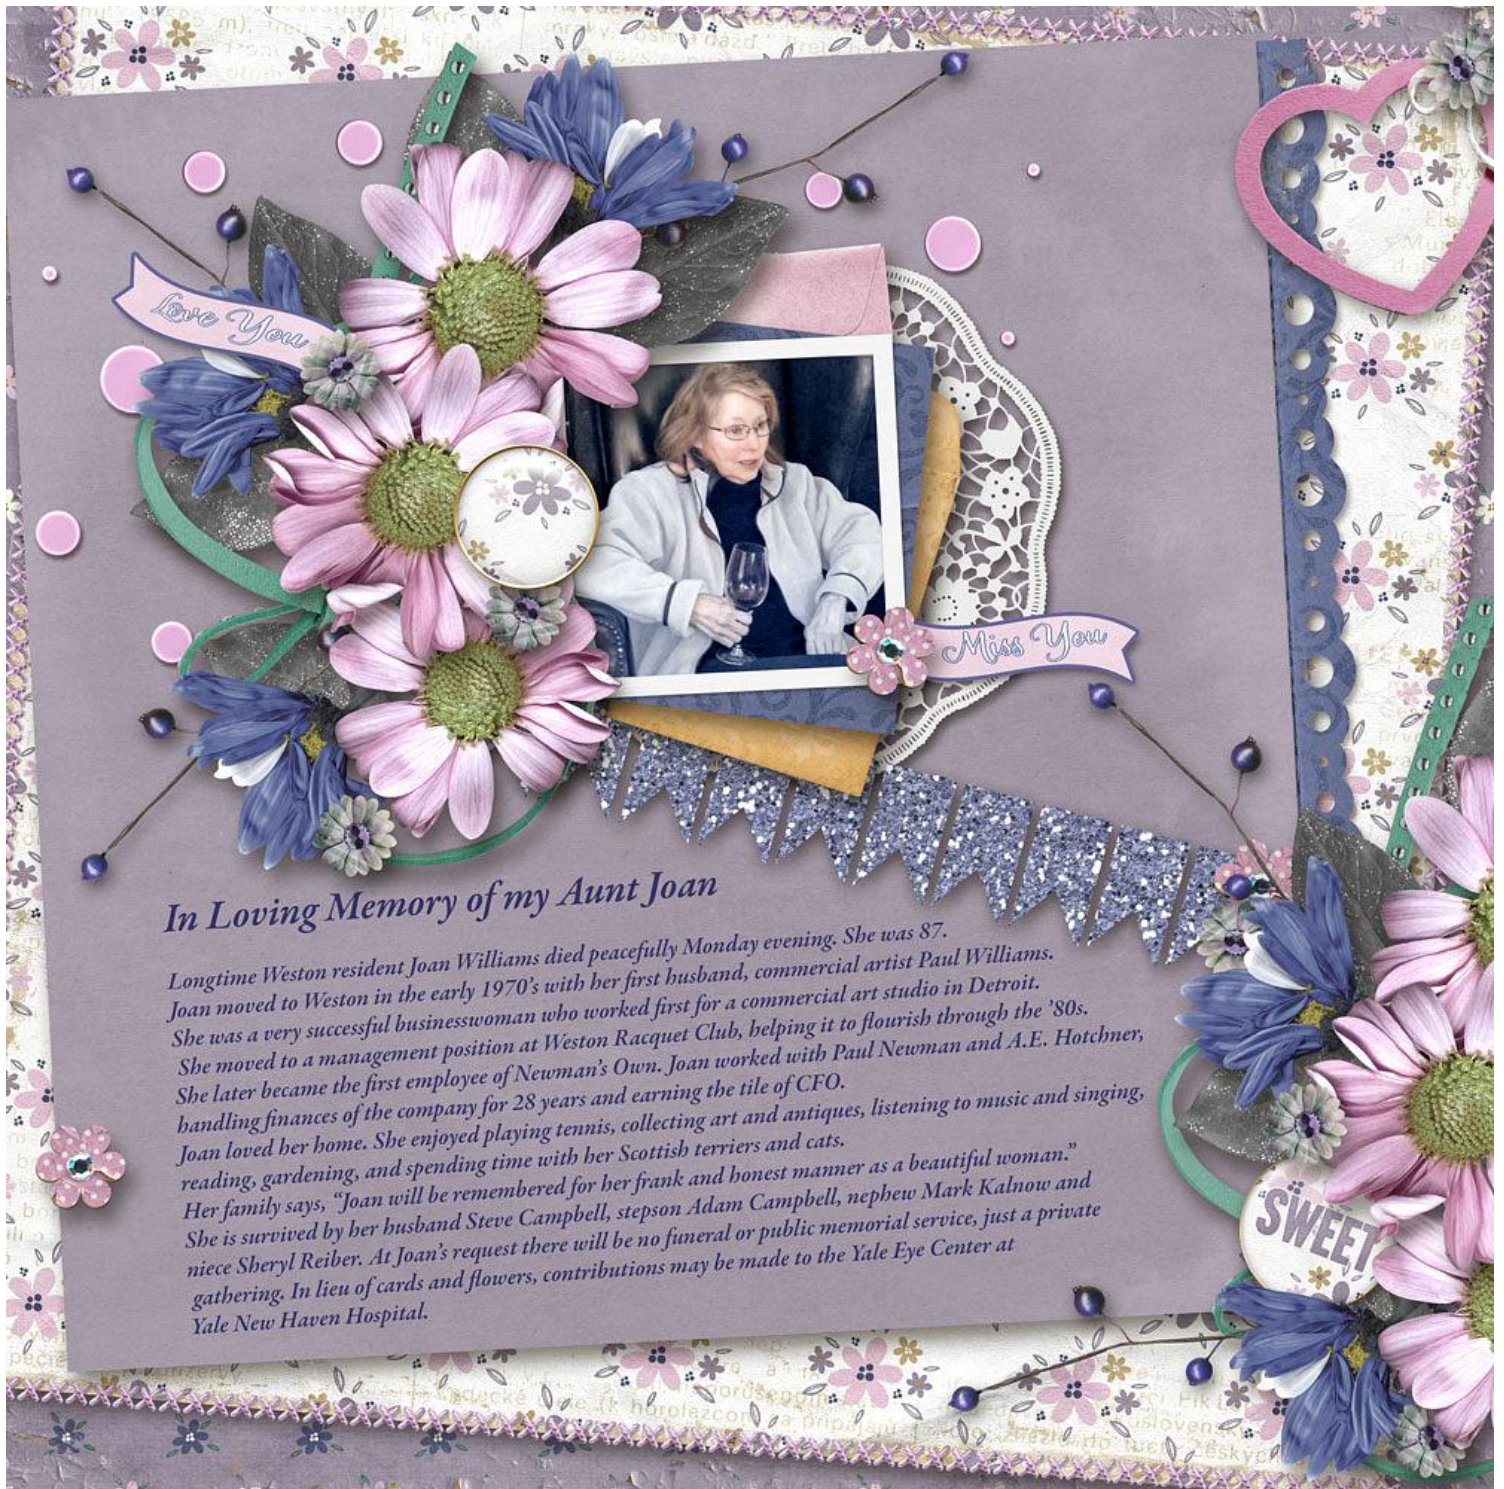

- Class: [DSP23, Vol 8, Lesson 2, Altering Elements](#)

Inspiration Below

While Larry was paying for our Christmas tree and loading it into the truck, Carter and Maddison enjoyed playing around with all the photo ops that Hensler's Tree Farm had to offer. I love that they love to have fun! December 8, 2022

In Loving Memory of my Aunt Joan

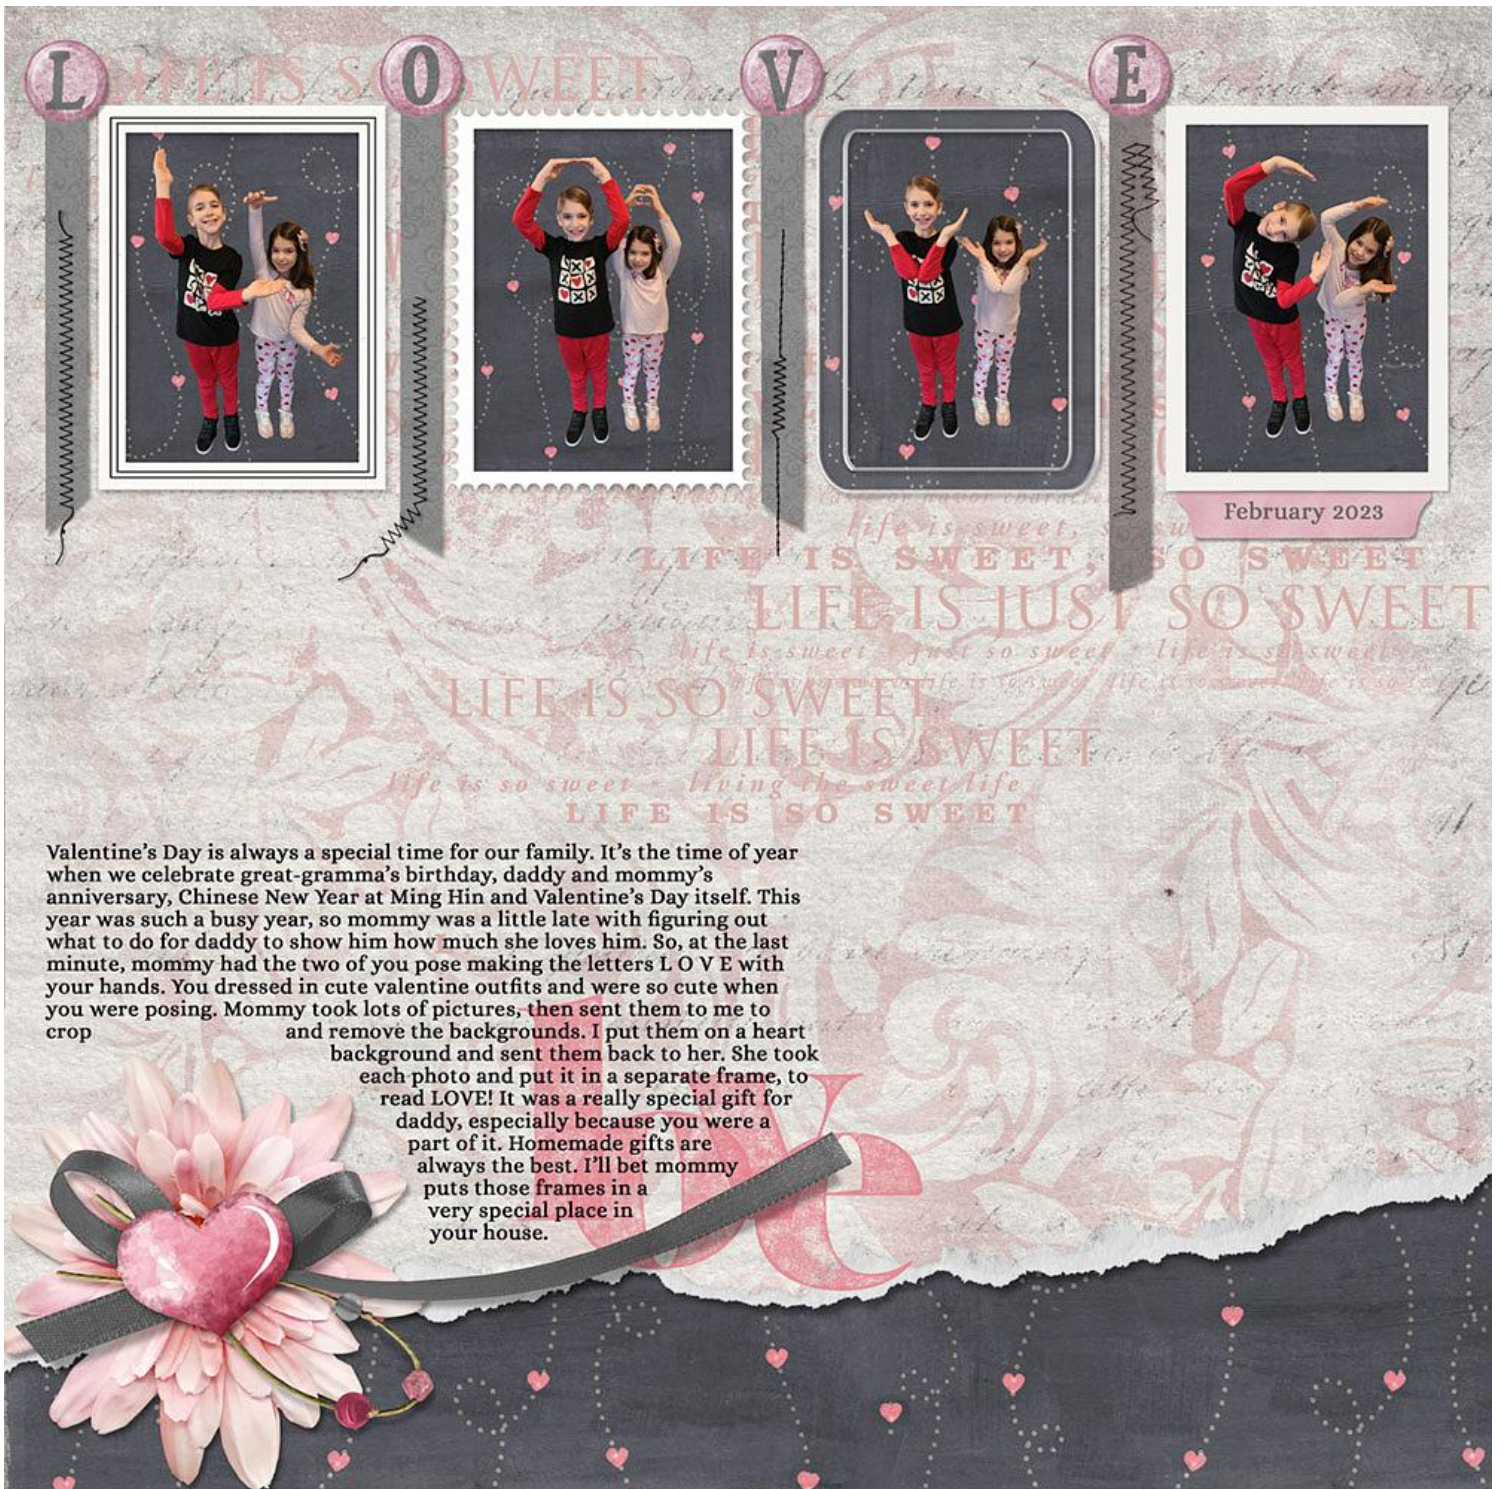

Longtime Weston resident Joan Williams died peacefully Monday evening. She was 87. Joan moved to Weston in the early 1970's with her first husband, commercial artist Paul Williams. She was a very successful businesswoman who worked first for a commercial art studio in Detroit. She moved to a management position at Weston Racquet Club, helping it to flourish through the '80s. She later became the first employee of Newman's Own. Joan worked with Paul Newman and A.E. Hotchner, handling finances of the company for 28 years and earning the title of CFO. Joan loved her home. She enjoyed playing tennis, collecting art and antiques, listening to music and singing, reading, gardening, and spending time with her Scottish terriers and cats. Her family says, "Joan will be remembered for her frank and honest manner as a beautiful woman." She is survived by her husband Steve Campbell, stepson Adam Campbell, nephew Mark Kalnow and niece Sheryl Reiber. At Joan's request there will be no funeral or public memorial service, just a private gathering. In lieu of cards and flowers, contributions may be made to the Yale Eye Center at Yale New Haven Hospital.

3.24.23
We had 3 mornings of pretty dense fog. This photo that Jacob sent me of feeding corn to the cows is beautiful and a little bit eery. The wives tale is that 90 days after a fog we should see some moisture. For the most part that holds true so we are hoping for a good rain in June!
