# \$10K PER MONTH

My name is Connie Muller, and I  
earn online Full-Time

I have been earning full-time online since 2016. There are truly many ways to achieve that, but I have found a success formula that can be copied and executed by almost anyone.

# JUST COPY

The process is made so much easier!

Can you  
copy and  
paste?

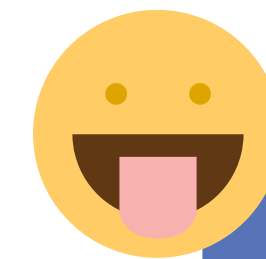

Easy  
peasy!

## Import my funnels, lead capture pages and email series

The formula I give you can simply be copied

For those who want to copy the business, I can share my funnels, lead capture pages and email series (it can simply be imported). This will save you weeks of time, and is one of the major reasons folk give up on the process.

**How easy is that!**

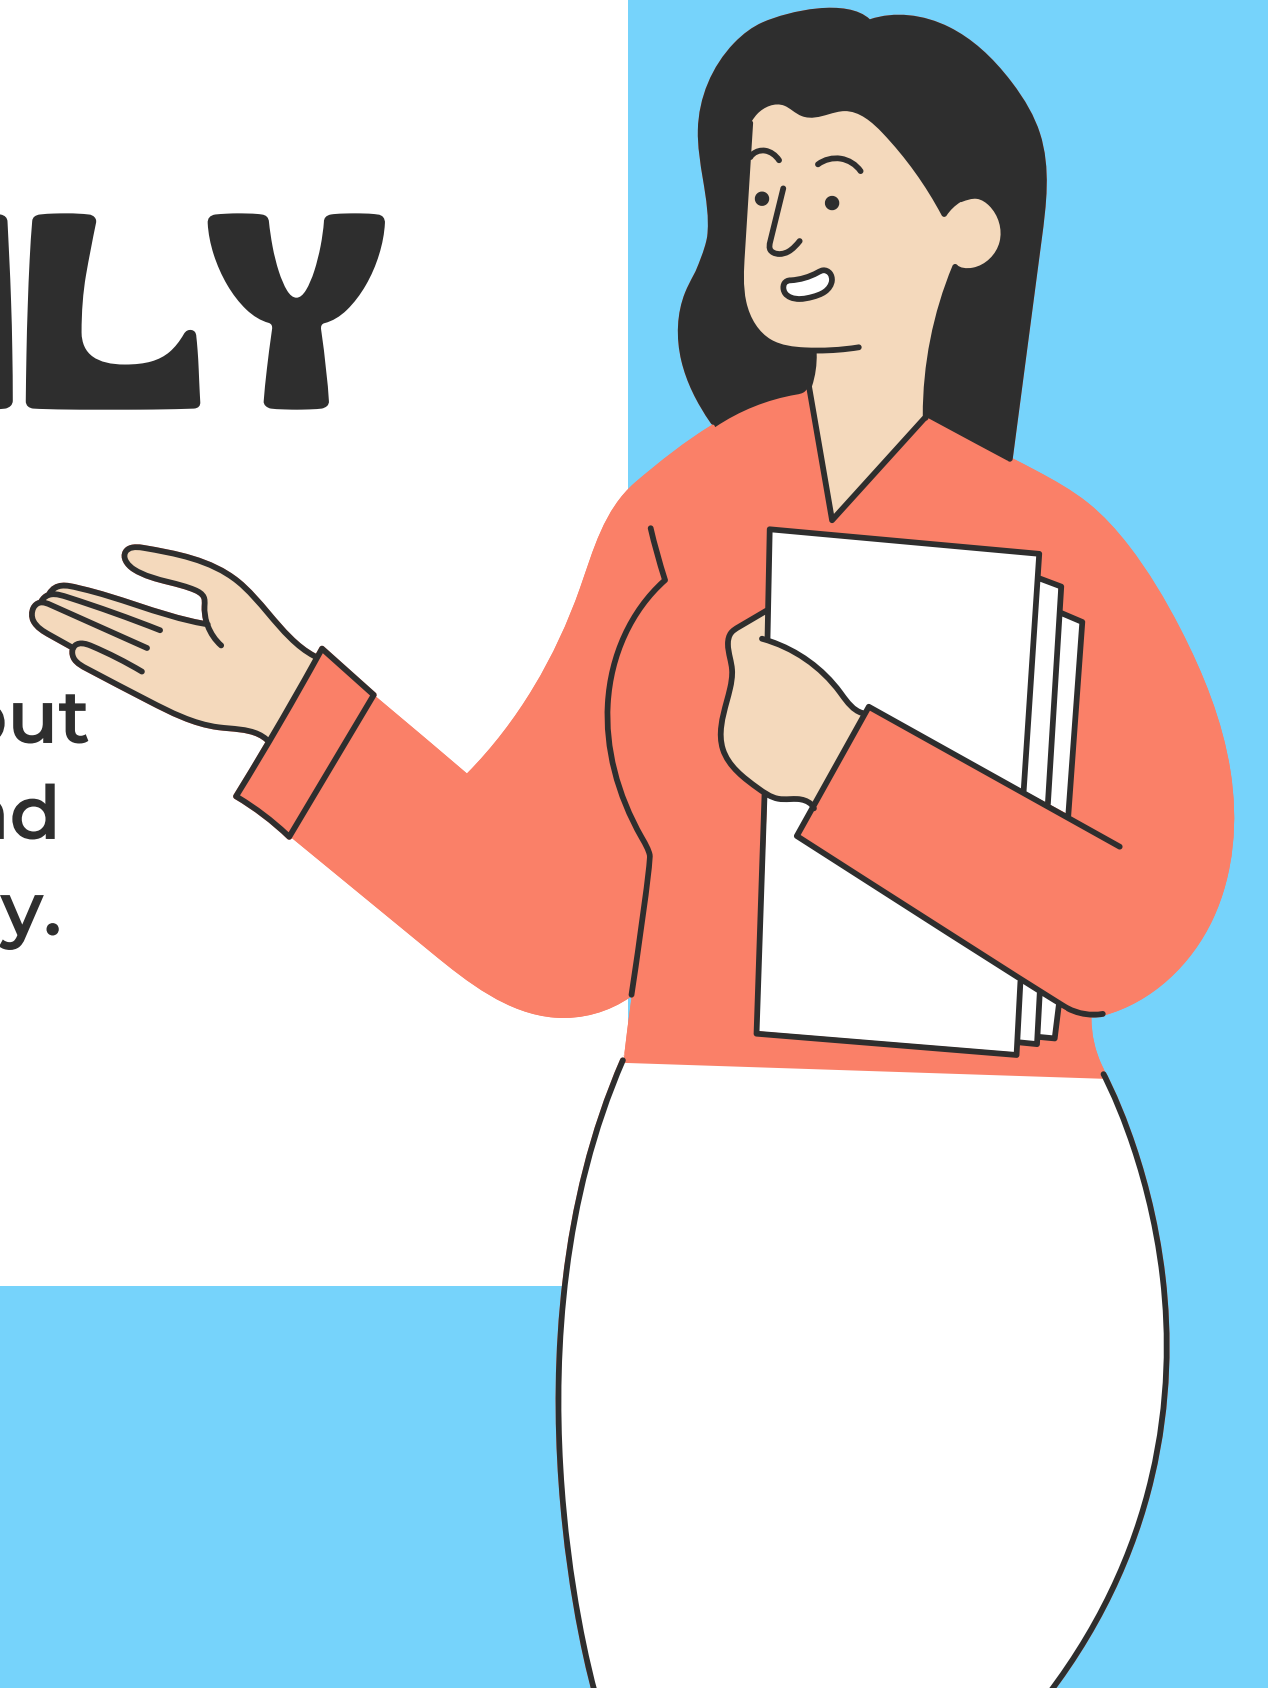

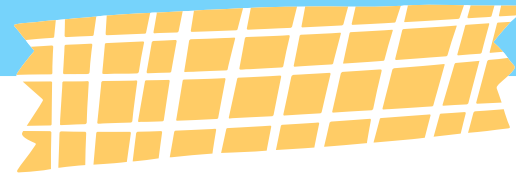

This is a no  
brainer!

# 30 MIN DAILY

It does take effort to set it up, but once done can be executed and maintained in 30 minutes a day.

# HBA

## Hosting, page and funnelbuilder

A practical and useful hosting, page and funnelbuilder with excellent training and supportive community. It costs \$25 per month and pays \$20 per month per referral you find. You can build multiple businesses of your own, or simply earn from referrals. It is indeed an all-in-one digital business an an easy product to sell. (This is the most important place to start).

# LEADSLEAP

## Listbuilder and autoresponder

This is a super autoresponder where I store my email list. It costs \$27 per month, although you can use the free version and still build a list. There are missing features as a free member, but it is still an excellent tool for list building. It actually offers 4 ways to earn money and is a good source of leads as well.

Also popups, landing pages and tracking

# MLGS

## Receive 100 leads per day.

This is where I begin my marketing. It costs \$30 per month - you get 100 leads per day and can email all leads once a day. This is an excellent source of prospects although it takes a month or so to kick in. Prospecting is a numbers game.

## Traffic - 100 leads per day.

Get 100 leads every day - and email them

# FAST EARNING

While it is possible to start earning within 24 hours with referral commissions, most folk find that business ramps up over 3 months to a fair level of earning.

The whole fully upgraded trio costs less than \$2.75 per day.

# SUPPORT

While HBA has superb training and a supportive community, I also offer support for those who follow my program.

While this is not an overnight get rich quick scheme, it DOES work for those who persist.

You can read more about this on my training site [HERE](#).
