  - Expect that a Charmer will want to go shopping or be at a fun social event and be dressed fashionably when they go out.
  - Don't let a Charmer's short attention span, lack of organization, or how often they change their mind bother you. Focus on the fact that they love variety and new experiences.
  - Be willing to hug and touch a Charmer, and open your heart to all the love they have to offer. If they get dramatic or angry know that it will pass quickly and they will be back to their joyful fun self soon.
