

Student:**Score:**

Band	Fluency and Coherence	Lexical Resource	Grammatical Range and Accuracy	Pronunciation
	How your words, ideas and thoughts flow together, using a range of words and phrases to connect and organize your ideas, help you move on to another point, etc.	The kinds of words you use, whether they help make your ideas clear, and whether the words are understandable, appropriate, and relevant to the topic.	Number of errors – the number of grammatical errors you make (e.g., articles, prepositions, subject/verb agreement)	- How well you are understood: how easy it is to understand you, and how clearly (and correctly) you pronounce words. -How you use stress and intonation to emphasize important words and ideas and the use of stress to contrast ideas.
