INTRODUCTION TO ASTROLOGY
+ THE WHEELS OF LIFE

Welcome

INTRODUCTION: THE END OF THE BEGINNING

KNOW THYSELF: ELEVATE YOUR PERSPECTIVE. LEARN TO COMMUNE WITH ENERGY.
Become empowered by your connection with everything.

This 9 week course introduces the **Elements, Planets and Chakras**: how to **LANGUAGE** them (how they are hidden in the language we already use) and how to upgrade these patterns within and around you – offering you a way to heal your communion with yourself and your engaged reality.

When you hear the language of the elemental quality found in everything... in emotions, actions, mental processes + ideologies...you align with your embodied expression, your blueprint of energy coded in the wheels of life (our chakras, your energy signature) and your chart to elevate how you can engage with your reality.

We will use the birth chart to offer a basis for you to language yourself + the elemental play of energy you express.

SPACE CHAKRAS + PLANETS

There is always an overlap when relating Zodiac Signs and Planets to the Chakras. These are THEORIES, based on similar energies. In individual application these can vary and therefore the understanding of the whole chart aid in formulating how certain astrological energies can emphasize particular chakra vibrations.

These are some examples of the general overlaps I use when aligning planetary energy with chakras
