In-Person Flight Training Rules & Regulations Contract

Aerial Solutions of Wyoming provides in-person flight training to help students become confident and safe drone pilots. To further this mission we create a safe environment where students learn to fly. In order to keep everyone safe students must comply with the workshop rules and regulations as outlined below.

Rules and Regulations

- Students must be at least eighteen (18) years old to participate in the workshop.
- Students are required to comply with all the instructor's commands that relate to the operation of drones during the workshop.
- Aerial Solutions of Wyoming will provide drones for the workshop. Students may not bring their personal drone.
- Students must conduct a preflight inspection of their assigned drone before the first flight of the day. Follow up inspections are only required on the same day:
 - For the first flight after lunch or extended breaks.
 - After any minor accident or crash.
 - After any major accident or crash.
- Students MAY NOT fly an aircraft the instructor deems un-airworthy.
- Students will operate the drones in flight areas and at or below altitudes as designated by the instructor.
- Students WILL NOT fly drones over or near people.
- Students WILL NOT operate drones under the influence of or while recovering from the use of alcohol or drugs (legal or illegal). Exceptions may be made for students taking prescribed medications.
- Students WILL notify the instructor if they are experiencing personal, emotional, or medical issues that may impact their ability to fly a drone.
- Under no circumstances will students attempt hand catching or landing a drone by grabbing it with their hands while it is in the air. Doing so will result in expulsion from the workshop without a refund.
- Consistent failure to comply with the rules, reckless behavior, and or refusal to follow the instructor's commands that relate to the safe operation of drones during the workshop will result in expulsion from the workshop without a refund.
- In signing this contract, the student acknowledge they will comply with the workshop rules and follow all instructor commands that relate to the operation of the drone during the workshop and accept the terms of this contract.
