Dear Skaters, Coaches and Officials,

On behalf of U.S. Figure Skating's Adult Skating Committee, we are pleased to announce the 2022-23 Eastern, Midwestern and Pacific Coast Adult Competition Series, our sixth season.

After the success of the 2021-22 ACS season, we are happy to not make any major changes to the series for the 2022-23 season. We are excited to announce an addition: Adaptive Skating free skate events will now be part of the series, and we are thrilled to welcome those new skaters to the ACS community.

This series is open to adult singles skaters within the Eastern, Midwestern and Pacific Coast sections, including members of Learn to Skate USA and U.S. Figure Skating. Skaters participating in the Adult Competition Series accumulate points based upon placement in the free skate event at local nonqualifying competitions and **SANCTIONED** virtual competitions. These points will be used to determine the final series placements within each section. Adult Competition Series awards will be presented at the nonqualifying competition held in conjunction with each adult sectional championships.

The mission of this program is to provide a meaningful series of events to encourage skaters in the adult 1 through adult bronze levels, and all levels of Adaptive Skating, to enjoy a fun, yet competitive environment where they can experience the community of adult skating and continue to skate for the rest of their lives.

We look forward to seeing you on the ice!

Sincerely,

Kerri Bottorff

NOTE: Skaters may compete in, and submit results from, as many competitions as they choose during the season. Two competitions will be counted towards ACS points: the top points-earning competition submitted from the season, and the ACS final (this is the nonqualifying competition held in conjunction with each adult sectional championships).

- Move Up Points
 - A skater will earn three points towards their overall standings each time they enter a level that is higher than the level competed at the previous competition. In order to keep the extra points, the skater must compete in that level or higher in all subsequent competitions. Move up points may be awarded a maximum of two (2) times per season. In order to remain eligible for the ACS, skaters may not move up into a level that is not included in the ACS (example: adult silver).
- Ties
 - Ties will not be broken at regular season competitions. In the case of a tie, skaters will share the available points.
 - In the case of a tie in the final series standings, the ties will be broken based on the skaters placements at the nonqualifying competition held in conjunction with the adult sectional championships.
- Withdrawals
 - Points will only be awarded to athletes who complete the competition. The number of athletes—and therefore points awarded in an event—will be based upon the number of skaters listed on the start orders posted prior to the start of the competition.
