

- Square paper tiles measuring 3.5x3.5 inches (10x10cm). I use Zentangle official tiles.
- Practice paper or extra tiles. Make sure all your PRACTICE paper is the same type as your tiles.
- A wide selection of inking pens to try, new and old. Don't worry if some of your pens are older. I use a Sakura Micron PN or 01, however, you might want to consider ultra thin pens such as 003 or 005 as well.
- Masking tape and scissors
- Permanent ink pen to mark the inking pens
