

THE MAGIC OF THINKING RICH DAY-2 SUMMARY (ENGLISH)

The Magic of Thinking Rich Season-4 Day-2 by Coach BSR begins with the celebration and BSR Sir's signature move "Shake your body and say YES"

Sir replies to people's concern that why the content of season 4 is same as the previous ones Around 80-90% of people are new, we need to give them what they want, the content must be simple so that new people learn and old people practice.

Repetition is the mother of all learning and Action is the father of all learning:

Nothing becomes permanent until and unless you repeat the process again and again. Learn, take action then repeat until the programming is set in the mind. Learn to win.

This 21 days of workshop will bring only values and learning to everyone. Take actions, implement the learning and win. There will not be any sales or promotion.

We need to create a shift of our mindset from *ENTERTAINMENT* towards *EDUCATION*

1 minute of visualization about parents and asking ourselves why we are born, to be ordinary and leave this world or become great and create history. Remember the sacrifices of parents.

Whenever you think small, think negatively, perform less, don't trust yourself, think you are not enough, then you insult God, your parents, teachers and yourself.

God gave intellect but humans do not utilize that and curse others or God due to thinking small. Small thinking puts a barrier on growth.

Don't judge the book by its cover. Attend all 21 days of the workshop and work on the roots to change the fruits.

BSR shares the challenges faced during the past while learning to speak English in 1996 till 2005. The experiences from the training profession, business training that generated huge revenue (average business growth of 4-5 crores p.a) in 1000's of businessmen of MIDC Pune in between 2014 to 2017.

The power of the training profession and the power of the philosophy:

"IF YOU SUPPORT THE WORLD SELFLESSLY THE WHOLE UNIVERSE WILL SUPPORT YOU ENDLESSLY" When the thought is powerful, the entire world supports the mission.

Guru Mantra: Live for others, live for the world. Aim big to achieve big

Powerful Antivirus - the power of words:

“**How Wonderful**” In any bad situations try using this antivirus as that could have been even worse. Say “How Wonderful” and move on. It instantly changes the thoughts and meaning.

“**Cut Cut Cut**” Use this antivirus when something wrong slips from your tongue or if you listen from anyone around say “Cut Cut Cut” to cancel the bad thought to avoid any such action happening.

Biggest Weakness or Strength:

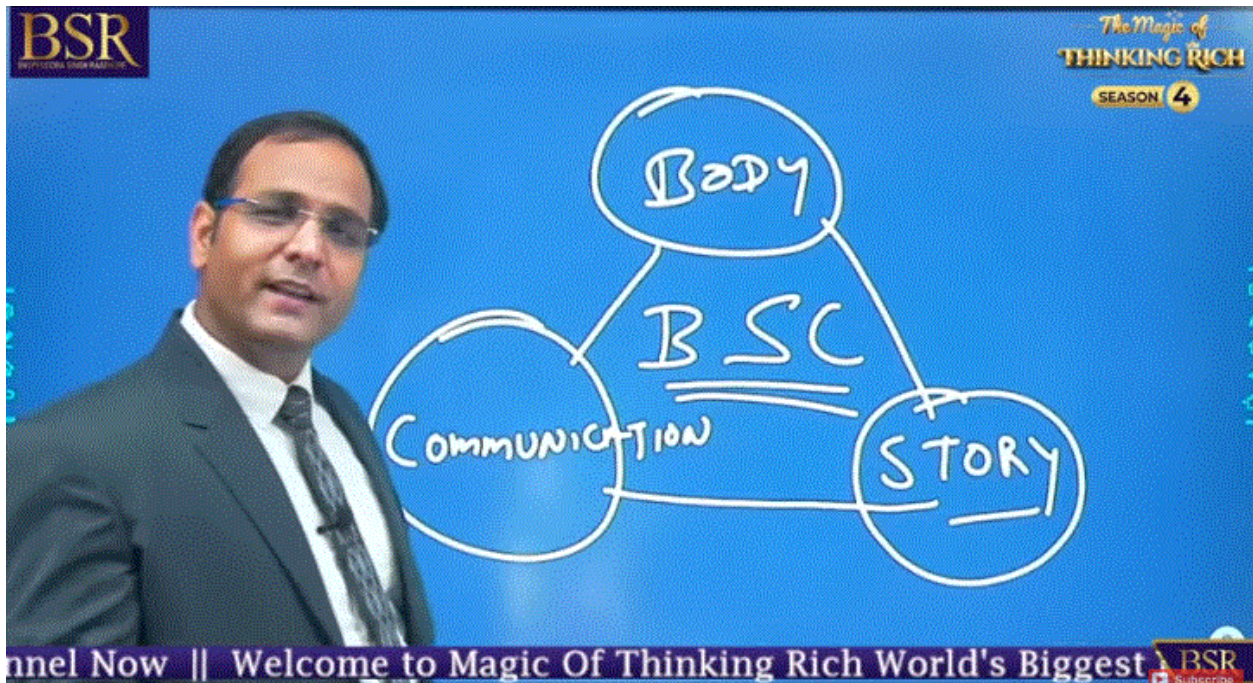

Relationship

Health

Wealth

The highest level of success can be achieved in life by controlling the above three.

THE THREE PILLARS OF MASSIVE SUCCESS - BSC

Body, Communication and Story are the three Pillars of Success.

Take charge of your body. Powerful action leads to powerful thought.

Celebration leads to the upliftment of the thoughts, hence Download ***The Magic of Thinking Thinking Rich Anthem*** song from YouTube and celebrate with “Ek soch badal sakti hai **BHARAT** ki tasveer”

Power Talk: Talk to yourself in front of the mirror, especially during a dull moment.

“I am born to win”

“I am born to succeed”

“I am born to lead”

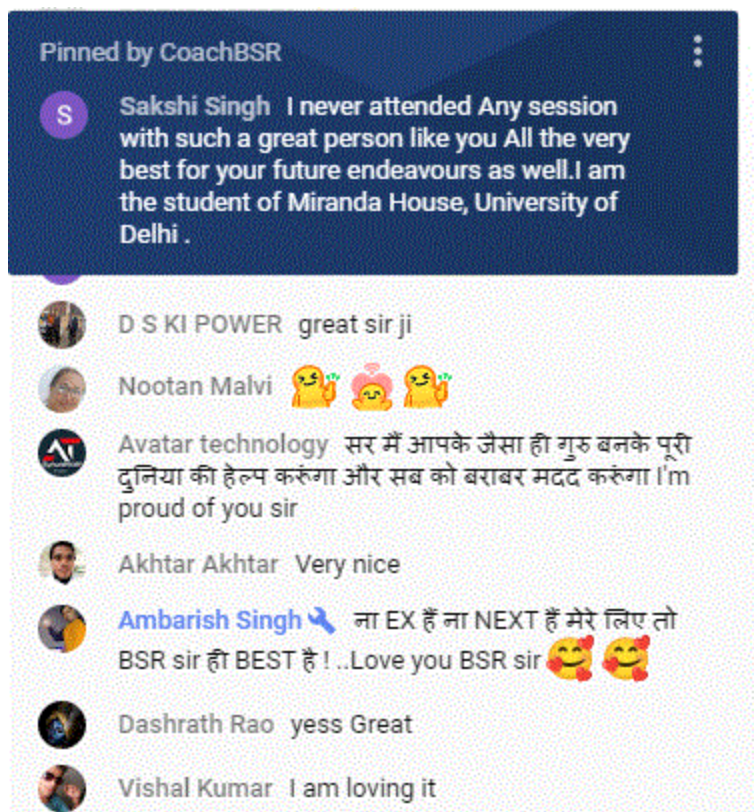

“I am a champion”

Change happens in a moment.

In a similar situation a person breaks the challenge and the other breaks himself.

Give a story to your communication.
