

The Sketching Partner - A Handy Tote

First thing to remember, It doesn't have to be a large space. Put together a nice tote that holds everything you need. It can be ready in 30 seconds!

Check out my portable sketching tote below.

A great Tote: [Get it here!](#) Lots of great pockets and storage.

The Handy clamp on light. [Get it here!](#) This light is rechargeable, no batteries needed!!

Put Together A Portable sketching Tote

Pack it and GO!

Add your reference, snacks and creativity!

Clip on light

A zipper pouch to hold erasers, pencil sharpener, clips

your favorite holder with markers, pencils and a small cheap brush.

Make it easy and fast, Always ready to Sketch

Blick Studio Markers, Gray Scale set of 6. [GET them Here!](#) This set does not contain a black, so I would purchase it separately, or use one you already have.

Black Marker. [GET it here!](#)

OR Copic Sketch Marker Set - Sketching Grays, Set of 6. [Get Them Here!](#)

Sketch Books: There are a variety of Sketchbooks to choose from. I've listed two here. One for pencil and markers and one mixed media in case you want to add some type of wet medium.

Strathmore Sketch Pad. [GET it here!](#) For Pencil and markers.

Strathmore MixMedia pad. [GET it here!](#)

Micron Fine Point Pens, set of 3. [Get it here!](#) This set has 3 different sizes.

Westcott Proportional Scale. [Get it here!](#) I suggest the 8.25 inch size, easy to read and doesn't get lost in the studio!! Watch the video below in the "More resources section" explaining how to use this very helpful tool. It's a must in my opinion!!

Do You Have Space? Here is My Drawing Table

If you have space to add a piece of furniture, this is one of my favorite places to go create. This table is very functional and very reasonably priced.

Making your space inviting helps stimulate your creativity.

If no space is available, look over my sketching tote above. There is really no reason not to sketch, **JUST DO IT!! MOVE!** This is the answer to improve your sketching skills!! Get This
