

What will it take to grow?

*brainstorm and pray*

1. What financial resources do you need?
2. Where or who will you secure those financial resources?
3. What contact with influencers is necessary?
4. Where can you develop those relationships organically and authentically?

5. What particular person needs to invest in your work?

6. What contract do you need to pursue or secure?

7. Who do you need to support your vision and goals?

8. Who can pray for you and hold you accountable?
