Homeschool Huddle 2019

topics

This is the tentative topic outline for 2019!
I am so excited for next year:).

My goals:

- ❑ In January: to move toward a web conference style huddle **at least 3 times a year**. It is wonderful to get to know everyone better and see each other's face.
- ❑ Design a template for huddle notes to make it easy for everyone to glean from the topics.
- ❑ Find the best day/time for most in the huddle. Thankfully, the huddles are accessible after, but I want to be available when most of you are available as well.

Support Seats.

A support seat is an opportunity for one mom to ask a specific question and for us to explore it in detail together. These are recorded the same way Huddles are recorded and made available for all huddle members.
