*Pen Recommendations: For the Gray Permanent Pen – Derwent Graphik LineMaker (https://amzn.to/3j6xJWA). For the Permanent Black Pen – Faber Castell® Pitt® Pens (https://amzn.to/3vQ1IIj) **OR** Pigma® Micron® (https://amzn.to/3lAkcry). The Uni•Pen Fine Line Pen Set (https://amzn.to/3llASTJ has both light and dark grays as well as a sepia and a black. Be very careful of using Sharpie® permanent (non-paint) markers as they can bleed through your paper months after you use them.

**Be sure to have the supplies marked with a double asterisk as it is key to the success of the project.

Supplies I'll Be Using
I used both carbazole violet (https://amzn.to/2Y0ZU01) and white titanium watercolor (https://amzn.to/2Q3EvSB) paint to create my project. Carbazole violet and dioxazine purple are the same pigment, a strongly staining violet, which goes by different names depending on the brand. No other violet will work as they are not staining.

I also used just about **every color in my paint box** to complete my project! Make sure to have a good green like Sap Green (https://amzn.to/3ovFk3f) to complete this project. I used a Derwent Graphik LineMaker (https://amzn.to/3j6xJWA) in Graphite gray for all of the ink work.

I also used watercolor pencils to complete the lettering. Markers, colored pencils or paint could also be used for this step.
