HOW TO OVERCOME
**TECHNOLOGY
OVERWHELM**

CAMERA

Computer vs. Phone

with
Siddiqi Ray

CAMERA: COMPUTER

PROS

- Easy to screen share
- Set-up & leave in place
- Camera quality
- May be easier to manage files

CONS

- Not as portable
- Some apps not available
- No ability to play with color settings or adjust camera lighting

CAMERA: PHONE

PROS

- Better quality video
- Easier to move around
- More portable
- Can shoot vertical & horizontal easily
- Add fun filters only available on phone apps
- Less expensive to update

CONS

- Shaky if you handhold
- No filters as you shoot
- Extra steps to upload
- no screenshare

HORIZONTAL

VERTICAL
