

# See You Again [E] 4/4 BPM 82

[Michael Neale, Krissy Nordhoff]

**V1, C, V2, C, B, C**

## **Verse 1**

I've seen darkness shattered by light  
I've seen joy break after the night,  
I wanna see it again  
I've seen tragic, hopeless days  
Turn to stories of amazing grace,  
I wanna see it again

## **Chorus**

Come, Lord, like a rushing wind  
We are desperate for your presence  
Revive us by Your Spirit within  
We wanna see You again, see You again

## **Verse 2**

I've seen laughter conquer the tears  
I've seen strength rise to persevere,  
I wanna see it again  
I've seen bodies, ruined and frail  
Rise in power, completely healed,  
I wanna see it again

## **Chorus**

## **Bridge**

We remember all the great things You have done  
We believe that greater things are still to come  
We remember all the great things You have done  
We believe that greater things are still to come
