Your life's purpose is how you use your unique talents to serve others. Your legacy is the story that you leave behind. They're inextricably linked.

This exercise is designed to illuminate purpose and then ensure it informs your legacy. They are connected.

It is simple: Answer each of the questions in one sentence or less. String them together with particular focus on your response to the final question.

Purpose and legacy are key players in your vision: let them figure prominently as you continue on to write your vision.

My Purpose

1. What do you love to do?

2. Who do you do it for?

3. What do they want or need?

4. How do they change or transform as a result of what you give them?

My Legacy

Now, use this clarity to write a legacy statement: what difference did it make that you were here?
