

## Starting a business

what you need in terms of equipment and software as well as a business plan for your new company

The process you go through to plan, design and develop a site, logo or any design for a client.

```

## Web designers' business survey:

What Designers Do, How They Make Money & Where They Find Clients

How Web Designers Get Paid

• Products & Passive Income

I'm Rob Cubbon. I've been running a successful design business for over five years. Prior to that I did very menial typesetting roles. I really can't stress how terrible my professional life was before I started my own design company.

## **Business model**

Providing quality design and marketing solutions for clients and forging mutually beneficial long-term business relationships is a sound long-term business model.
