## ENGAGEMENT ACTIVITY

You will leading an engagement activity with the class. It can be aligned with the class that you are designing OR it can be off topic.

### OBJECTIVE

1. You will lead an activity with the class. It needs to be engaging with an educational element, Be creative,
2. Your activity must be at least 5 minutes and less than 15 minutes. NOTE: Being able to manage your time will be important.
3. The activity should be organized with more than one person in the group, so that the students can work together on the activity.
4. The goal is to have an hands-on activity that is fun and engaging. Bring all the materials that you need for the activity.

I recommend practicing with family and friends. Ask them to provide honest feedback to you.
