

# One Two Buckle my Shoe

Musical notation for the song "One Two Buckle my Shoe". It consists of two staves of music in 8/8 time. The first staff contains the first line of lyrics: "One two buckle my shoe. Three four shut the door. Five six pick - up sticks." The second staff contains the second line of lyrics: "Seven eight lay them straight Nine ten do.it a - gain." The melody is simple, using a sequence of eighth notes and quarter notes, with a triplet of eighth notes at the beginning of each line.

# Star Light, Star Bright

Star Light, Star Bright is very similar to One Two Buckle My Shoe. It uses the same notes, only the rhythm is different. Remember to continue alternating RH fingers for every note and to clap the rhythm before playing Star Light on the guitar.

Musical notation for the song "Star Light, Star Bright". It consists of two staves of music in 4/4 time. The first staff contains the first line of lyrics: "Star light, star bright, first star I see to - night". The second staff contains the second line of lyrics: "Wish I may, wish I might, have the wish I wish to - night." The melody is simple, using a sequence of quarter notes and eighth notes, with a triplet of eighth notes at the beginning of each line.

## Tactile Memory

The key to perfecting every aspect of guitar technique is practicing with consistency and accuracy. This enables you to best use your tactile memory. Tactile memory, or touch memory, is the memory that your muscles subconsciously retain from repeating the same action multiple times in the same way. We all experience tactile memory in multiple ways every day: dialing a familiar phone number, signing your name, tying shoes, dribbling a basketball, even walking. These are things we do without having to think about them actively. Because playing guitar requires focusing on many things simultaneously, the more you can get your tactile memory to help you the better you will do. For instance, your tactile memory can help you control your RH finger alternating and string crossing while you focus more consciously on note reading and rhythm, or new LH notes.
