therapy

A close-up photograph of a person's face, which is mostly obscured by their hands. The person's hands are pressed against their forehead and eyes, with fingers spread. Their hair is dark and messy. The person is wearing a dark-colored jacket. The background is a plain, light-colored wall. The overall mood is one of distress, stress, or emotional pain.

therapy

Many people in therapy begin to remember what happened to them in childhood.

Speech problems can often be solved by a speech therapy programme.

After breaking her leg, she needed several weeks of therapy to rebuild her muscles.

transplant

A photograph of a surgical team in an operating room. Several surgeons wearing blue scrubs, masks, and hairnets are focused on a patient. The scene is brightly lit by surgical lamps. The word "transplant" is overlaid in large white text across the center of the image.

transplant

transplant

transplant

Heart transplants are very common nowadays.

Hundreds of people are awaiting liver transplant operations.

There was a scandal over the sale of human organs for transplant.
