

Spaces That Work

Top 10 Checklist for Generic Space Planning:

- ☒ What is the space currently used for?
- ☒ Is there enough A/C in the space for the new use?
- ☒ Is there enough electric power in the space for the new use?
- ☒ Do the flooring and wall coverings need a refresh?
- ☒ Do we have furniture currently that can be used?
- ☒ How many student's does the space need to hold?
- ☒ How does the space we are planning help meet the needs of the curriculum?
- ☒ What materials are needed to create the space?
- ☒ Who will be using the space?
- ☒ Is there enough storage space?

Please make sure you are including your building Principal in the loop, as your district may have certain protocol for re-creating a space.
