

# DIY SPRAY INKS SHOPPING LIST

RECOMMENDED PRODUCT	WHAT IT DOES
Empty Spray Bottles (recycled) or <a href="#">Fine Mist Spray Bottles</a>	Container with spray top used to hold inks.
Wilton Gel Icing ( <a href="#">buttercup yellow</a> , <a href="#">teal</a> , <a href="#">burgundy</a> , <a href="#">sky blue</a> )	Act as pigment for inks.
Distilled or Boiled Water	Serve as the main liquid for the spray inks.
Glass Beads or <a href="#">BB's</a>	Work as mixing agents in the spray bottles.
Rubber Gloves or <a href="#">Exam Gloves</a>	Protect hands from staining caused by pigments.
Petroleum Jelly or <a href="#">Krylon Matte Spray Sealer</a>	Seals surface of paper to prevent bleeding and allow for more layers to be added.
