ello and welcome to ***My Father Said I Could Turn My Children's Book into a Course!***

My name is Anita M. McLaurin and I'll be your instructor for this workshop. I'm looking forward helping you develop a stellar course.

This online workshop includes 10 modules and 1 bonus lesson to help you along your author journey. It consists of daily videos and a downloadable, fillable workbook. I also wanted to take a moment discuss a couple of points as we get started.

1. If you see this symbol  , please go to your workbook and do the related exercise.
2. If you see this symbol  , there's a download you need to complete this session.

This is a self-paced course. If you spend at least 3 days per topic, you'll finish this course in 30 days or less.

To be successful, I suggest the following actions:

- Complete each module before moving on to the next.
- Banish the thought of perfectionism. Write the best you can each day. As you look over the material in days to come, you'll be able to fill in any gaps.
- Remember, once you teach your course, you can improve it until you have a finished product, you're happy with.

As you get started, I'll answer any basic questions as they arise. Please feel free to contact me at www.MyFatherSaidICould.com. If you need, more in-depth coaching or a review of your finished course, email me and we can discuss additional coaching packages.

I look forward to hearing about your finished masterpiece!

Happy creating,

Anita
