

Triplets Too: A Puzzle Challenge

(Set 2)

Find a detailed description of Triplets (the original version) at The Thiagi Group newsletter: <http://www.thiagi.com/games/2015/7/29/augtriplets>

Here's my "hands-on" version of the Triplets puzzle. Below you will find a set of eight Triplets – the words in the fancy text. On the last page of the document you will find the "link words" for the Triplet sets. Each link word will connect (either before or after) with one set of Triplets (three words). **The Challenge:** Match one link word with three of the Triplet words. All Triplet words must be used.

Suggested Use: Print out all the word sheets (don't forget the answer key). For long-term use laminate the word sheets. Cut out all the words – Triplet words and link words. Your Triplets Too cards are then ready for use.

Version 1: (After shuffling up the Triplet cards) Evenly distribute all of them to the participants – it really doesn't matter who gets what. Be creative. Provide the Link Word cards. Explain the challenge and let them at it.

Version 2: Only distribute the Triplet cards – do not provide the link words. Have the group solve the challenge by "discovering" the link words.

Answer Key

Triplet Words	Link Words
Fast – Hand – Pipe	(Stand)
Out – Less – Data	(Point)
Kite – Hat – Ice	(Box)
Water – Tower – Radio	(Clock)
Arm – Lift – High	(Chair)
Ever – Card – Bean	(Green)
Bulb – Pen – Head	(Light)
Stop – Fall – Sand	(Pit)
