

“True North” Earrings – Materials List & Gallery

All beads are 11/0 Delicas *unless noted*. You need 2 grams (or less) of each color of Delicas or Seed Beads. This project is a great **stash buster!**

Materials list:

Beads:

- 11/0 Delicas – 2 colors; less than 2 grams of each
- 15/0 Seed Beads – match one of your Delica colors; less than 2 grams
- 40 ~ 2mm Pearls – these can match or contrast with the 15/0 Seed Beads **

Other:

- Pair of Ear Wires
- 6# Fireline
- Size 12 Beading Needle

** The colorways in the Gallery are from samples shown in the written instructions and videos. Since, most of the 2mm Pearls are from my stash, I don't have any kind of product number or names. I've tried to give them descriptive names to help you select if you want to use the same colors.

Important Note! Where I could, I listed the manufacturer *and* item # for 15/0 seed beads. But some of the beads are from my stash and were purchased at my local bead store... My understanding is that their distributor assigned the numbers – so they **may not** be the same as numbering used by Miyuki or other bead manufacturers. However, I think many bead shops in the USA get their beads from the same distributor, so the numbers could be the same depending on where you purchase your beads. You *may* need to rely on the pictures and the color names when choosing your beads.

Tutorial Colors:

- (A) DB 2034 – Luminous Flamingo
- (B) DB 281 – Color-lined Crystal Medium Plum
- (C) 15/0 seed beads: #418B - Plum

40 ~ 2mm Pearls – Metallic Plum
