

# SUCCESS IN A COMPLEX HEALTHCARE SYSTEM

## WHAT IS THE DEFINITION OF SUCCESS?

The definition of success differs significantly from an individual to another. Prof. Jazieh defined success as achieving life/career goals that reflect a person's abilities and efforts in addition to fulfilling this person's aspiration and satisfaction.

## HOW COMPLEX IS HEALTHCARE?

Healthcare is one of the most complex fields. Numerous career paths and positions can be pursued such as being a clinician, educator, researcher, hospital administrator, or healthcare business owner.

## HOW TO DO I SET GOALS IN A COMPLEX HEALTHCARE SYSTEM?

- 1-Be ambitious and realistic
- 2-Be clear and precise.
- 3-Choose the goals that make you happy
- 4-Divide your goals into short, intermediate, and long-term.
- 5-Share your progress and plans
- 6-Be patient.
- 7-Collaborate with others
- 8-Avoid unproductive competition
- 9-Be unique.
