Acknowledgement

- My views, insights and conclusions about the ideas of this series stem from my extensive reading of the work of various authors, colleagues and students over the years. It has been very useful in validating, transforming and adapting my ideas, theories and concepts, as well as providing further insight and viewpoints, and I would like to express my sincere thanks and appreciation to these authors.
- **Copyright is fully acknowledge and the use of such information is in no way intended to violate any copyright laws**

Acknowledgement

- **I also acknowledge that during my course of my career that I have come into contact with various ideas and material**
- **I have stated the necessary acknowledgements where possible but also want to make it clear that my intention for putting this CD together is part of my abundance mentality and sharing of wisdom**

Acknowledgement

- The PowerPoint slides and the various MS Word presentations start years back as a result of me reading various books towards my development as well as summarising the learning points in my daily learning and reflections and devotions or a way of capturing the various learning points working through books, tapes, newsletters that I have received over the years related to some sort of leadership development.
- So it is sort of database as well as a quick reference that I study before presentations or even dealing with people.
- My need is only to share this with friends and colleagues and those participants that can grow their leadership potential by working through this.

Acknowledgement

- I am so aware of the need in the world for proper development that I have made it my desire and wish and dream just to share this knowledge with people who don't have it so easily available.
- Lastly I don't want to die one day with all this knowledge only in my head.
- My desire is to leave a spiritual legacy behind still many years after I have died one day

In case of misunderstanding

- **The world is full of greed, jealousy and selfishness and a spirit of taking people on.**
- **If I failed to state a specific reference, please point it out to me first so that I can rectify this on this CD.**
- **I do have a teachable mindset and want to do what is right and want to be in peace with everyone.**
- **Matthew 18 is also my model for resolving disputes**

Further Special Acknowledgement

- **Acknowledgement for the slides from leadership qualities and the laws of leadership is based on the various readings of John Maxwell**
- **Maxwell, John C. The 17 indisputable laws of teamwork.**
- **Maxwell, John C. The 21 indispensable qualities of a leader.**
- **Maxwell, John C. The leadership Bible.**

Acknowledgement for the slides on **leadership virtues** are based on the book that I have bought namely *Popov, Linda. The virtues project.*

Thanks Mario

- It is quite a pity that we only managed to meet once. However, I feel lucky that I met you, thanks God that I did not postpone my enrolment for the MBA to next year. I enjoyed your classes, and you helped me to enjoy HR, one of my challenges of enrolling for an MBA. You are a highly renowned person in your field. I sent one of your slides of Donald Trump to my husband, and he immediately recognised you by seeing your name. Apparently you were invited by his company to give a speech, and he commented on your informative video clips. I couldn't agree more with him, because I was equally impressed by them as well.
- You at least have one thing to be proud of, the fact that you are not selfish to share your knowledge with others. There is no other gift which you can give to a person than knowledge. The best part of it is that the more you give, the more you will learn. I am sure that there are many of your products in the market, who contribute to the world economy, and that to me is fulfilling.
- Let me wish you success in your future endeavours. The almighty God should reward you in kind for all the good seeds that you have planted. I am sure that we will meet again God willing.
- Go well Mario.
- Best regards, Maria

Further Special Acknowledgement

- I do give full credit to the original song writers
- Various pictures and graphic illustrations have been downloaded to make presentations more relevant and attractive. Full acknowledgement to all the various parties
