### Watercolor Paints

- I quite like playing with watercolor pencil crayons and watercolor markers too. My markers are a brand named Koi

### Acrylic Paints

- I like using Liquitex Basics. You can get them in heavy body, or opaque. The heavy body are usually more expensive. I have starred the ones I would begin with. Buying paint for me is kind of like walking into a bookstore. I never leave with my hands empty. My favorite colors are:
  - Titanium White \*
  - Mars black, and also Paynes Grey \*
  - Burnt Umber (brown) \*
  - Cadmium Yellow Medium \*
  - Quinacridone Magenta \*
  - Phthalocyanine Blue \*
  - Dioxazine Purple
  - Prism Violet \*

- Bright Yellow Green
- Turquoise
- Other great colors are Chromium Oxide Green, Hookers Green, Burnt Sienna, Bright Aqua Green, Cadmium Orange (very expensive), yellow oxide.

#### Paintbrushes

- I like to have a 1", 1/2", 1/4" and a fine brush.
- Everyone has a different view on brushes. Mine are soft brushes and I have seen them at Micheal's. They are clear handled.

#### Other options:

- Carbon paper
- Gloss Glazing liquid
- Gold / Silver leaf sheets
- Textured papers of any kind

#### Book suggestions:
