

Tailor-made learning
& cultural experiences

50th Anniversary
ISES JAPAN
国際留学生センター

CIELS | Carlow International
English Language School

Task Outline

- Think of a tourist location/ building that is in remote area and not so famous.
- Introduce this place as it is now / location / number of visitors / access /
- Why is it important ? culturally ? beautiful location ? historical? etc .
- Maybe show Map / Images etc

THEN IMAGE IT BECOMES REALLY FAMOUS

(Work as a team and ask yourselves these questions)

How would you manage it?

Would the meaning of it change forever?

Would it get damaged? How would you protect it?

How do you deal with a sudden influx of people ?

Is it good or bad ? Why ?

If space is limited what NEW businesses could open in the area to deal with people having to wait?

e.g in Skellig Michael only 12 return trips per day (10 People each time) is allowed (May – September)

What about the rest of the year ?

How would the locality spend the extra money ? etc ...

Important

There are no right or wrong answers – Work as a team to present your ideas . If you have any questions please e-mail us at anytime for clarification.
