

**Academy of the  
Inner Mind**

**Diploma in Professional Hypnotherapy**

**Welcome Pack**

**Welcome! In your welcome pack you'll find information about how to access your course materials, when and how to submit assignments and how to receive help if you should need it.**

## **Accessing course materials**

### **Individual Modules**

If you have ordered the course in individual modules (as opposed to ordering the whole course), you will receive each module separately. Each module contains a written section and a PowerPoint presentation. Some modules also contain scripts and/ or MP3. You will be told which resources accompany that particular module in your table of contents for that module. The materials are sent to you via a Dropbox link (you will need to download Dropbox to access them).

### **Entire course**

You will be sent all course materials once you have purchased them. For ease of use, the course materials are divided into individual modules.

## **Assignments**

Assignments are optional but must be completed in order to qualify for your Diploma in Professional Hypnotherapy Certification. The assignment will be provided once you have completed module 8 and consists of an 'open book' exam. Upon successful completion, you will be awarded your Certificate (which is required to qualify for insurance).

## **Case studies**

If you wish to work with case studies, there is an additional fee (see prospectus).
