3/23	Questions	17	20	107	120	89%
4/5	Essay	39	40	146	160	91%

How to use the Student Grade Sheet

Goal: You want your teens to be as independent as possible, including keeping grades.

Every time your high schooler has a graded assignment, they can record the grade and keep track of their overall grade in the course. This makes creating a transcript a simple process at the end of each semester.

The Total Earned / Total Possible gives you an up-to-date course average at all times.

Student Grade Sheet

Date	Assignment	Points Earned	Points Possible	Total Earned	Total Possible	Average % $\frac{\text{Total Earned}}{\text{Total Possible}} \times 100$
