

LESSON 1:

How can we better infuse our passion, personality, and purpose while ensuring a culturally responsive curriculum?

Are YOU willing to acknowledge when you're operating at C quality work?

Who gives you authentic feedback on your teaching?

What is a moment from your life, that pushes you to stay true to your own why?

How might you intentionally challenge specific students to dig deeper to magnify the light inside of them?

TEACHERS WHO INSPIRE JOY INTENTIONALLY MEET STUDENTS WHERE THEY ARE AND INDIVIDUALLY CHALLENGE THEM TO RAISE THEIR GAME.
