What is the Secretary of State

Often times many clients contact me about filing an LLC and believe they've done this at their local county office. That is a very common mistake.

You cannot file an LLC at you local county office it must be done in Austin, Texas at the Secretary of State Offices. You can do this in person, by mail or online which is what we will do.

The Secretary of State filing creates your business structure and makes it official as of the date of filing done correctly.
