

	Class Preparation	Applied Knowledge	Team Work	General Impression
Excellent (1.25)	<p>Team members arrived with a positive attitude and have completed all assignments and preparation work.</p>	<p>Team members incorporated content from video lectures and demonstrated a strong understanding by synthesizing knowledge.</p> <p>When an individual didn't understand something, they asked for clarification</p>	<p>Team members worked together in a proactive and collaborative way.</p> <p>When disagreement arose, they utilized conflict resolution and negotiation techniques to come to an understanding.</p> <p>Each team member pulled their own weight and contributed to production.</p>	<p>It would have been clear to anyone watching that this team was outstanding.</p> <p>Students were using their dyslexic MIND strengths to their fullest potential.</p> <p>Individuals were helping each other so that the team benefited as a whole.</p> <p>Team members were looking for ways to assist each other in any way possible. Total magic!</p>
Good (1)	<p>Most team members were prepared for class and had a good attitude.</p>	<p>Most team members demonstrated knowledge of the course content and were able to apply it to the class work.</p> <p>Students were proactive in asking questions if they had them.</p>	<p>Certain team members were active in getting the assigned work completed.</p> <p>Other members were not 'totally engaged' and the team struggled a bit.</p> <p>However, there was good communication, and the team gave their best effort.</p>	<p>A person watching this group today would have been impressed but not overwhelmed.</p> <p>It was clear that the team was clicking and that they worked well together.</p> <p>The MIND strengths were on display and individuals were working actively to overcome disagreements and find solutions.</p>
Fair (.75)	<p>Only a few team members were prepared for class and attitudes were lacking enthusiasm.</p>	<p>Team members attempted to include course knowledge but did not ask for clarification if they needed it.</p>	<p>Things just weren't clicking. For one reason or another, team members were unable to work together constructively.</p> <p>As a result, things got done but the team didn't perform to their potential.</p>	<p>This team was 'working' together but not clicking.</p> <p>Only a few team members were prepared for class and attitudes were lacking enthusiasm.</p>
Needs Improvement (0)	<p>Team members were unprepared for class and arrived with negative attitudes.</p>	<p>Team members neither incorporated nor applied information from the lectures.</p> <p>They did not ask questions.</p> <p>They were disengaged during class work.</p>	<p>Total breakdown. Arguments ensued. Individuals were feisty and combative.</p> <p>Students were not displaying or attempting to be their 'best selves' in a group setting.</p>	<p>Overall, not great. There was clearly arguing, misunderstanding, and a lack of a desire to work as a team.</p> <p>Maybe everyone was having a bad day. Regardless, this was not a terrific showing.</p>
