Rubric Poster

	Awesome!	Cool	Nah...	What?!
Text	No more than two fonts Far less than 800 words Text is supportive of the main topic	No more than three fonts Around 800 words Text is mostly supportive of the main topic	Too many fonts used More than 800 words used Text is not not clearly supportive of the main topic	Not more than one font used No supportive text used at all Text does not support the main idea at all
The Title & Subtitle	Topic and title clear and easily identified. Main idea is clearly appropriate to topic.	Topic and title are mostly clear and easily identified Main idea is appropriate to topic	Topic and title difficult to identify Main idea not clearly stated	Topic and title are not clearly identified No main idea
Graphics	All illustrations complement purpose of visual All Illustrations are of the same theme/color All illustrations are of high quality	Most illustrations complement purpose of visual Most Illustrations are of the same theme/color Most illustrations are of high quality	Few illustrations complement purpose of visual Few Illustrations are of the same theme/color Few illustrations are of high quality	Illustrations do not complement purpose of visual Illustrations are of different theme/color Illustrations are of low quality
White Space	Outstanding use of white space	Adequate use of white space	Inappropriate use of white space	Little attempt to use white space appropriately Appearance
Flow	Flow is natural and effective to make the point	Flow is adequate to make the point, with few instances of odd flow	Flow is inadequate: many instances of odd flow.	No attempt to use flow
Colors	Outstanding use of color, Colors are complementary Colors are used to highlight important points	Adequate use of color Colors are complementary Colors do not highlight important points	Inappropriate use of color Colors are low-contrast Colors highlight important points	Little attempt to use color Colors are low contrast and make reading difficult. Colors are not used to highlight important points

Rubric Diagramming

	Awesome!	Cool	Nah...	What?!
Information	The problem is clearly presented in the diagram: within one glance the problem becomes clear	The problem is adequately presented in the diagram	The problem is unclearly presented in the diagram: only with verbal explanation does the problem become clear	The problem is not at all presented in the diagram
Diagram	The diagram chosen reflects the problem and the relationship of its components	The diagram chosen reflects the problem but not clearly the relationship of its components	The diagram chosen reflects the problem but not the relationship of its components	The diagram chosen does not reflect the problem
Colors	Several complementary colors are used to highlight the elements of the diagram	Several colors are used but they are not complementary Colors are used to highlight the elements of the diagram	Few colors are used but they are not complementary Colors are not used to highlight the elements of the diagram	No colors are used
Mechanics & Labeling	The diagram is labeled correctly The elements are labeled as well.	The diagram is labeled correctly But the elements are not labeled.	The diagram is not labeled correctly	The diagram is not labeled

Rubric PowerPoint

	Awesome!	Cool	Nah...	What?!
Quantity	More than 7 slides Intro and conclusion slides present	Slides are adequate to present topic Intro and conclusion slides present	Slides sufficient to present topic No intro and conclusion slides present	Too little slides to present topic No intro and conclusion slides present
Template	Template lay-out is suitable for the topic Title is catchy Colors are adjusted	Template lay-out is suitable for the topic Title is present but not catchy Colors are adjusted	Template lay-out is not suitable for the topic or colors are not adjusted Or fields are left blank (if made online)	No lay-out templates used
Graphs	Graphs are two or more and are informative Colors are aligned to the design	Graphs are informative, but very few Colors are not aligned to the design	Graphs are used but not informative	No graphs used
Slide Design	One main point per slide Colors are supportive of the topic	One main point per slide Colors are not supportive of the topic or distract	Too much information per slide	Too much or no info on the slides
Graphics & Images	Support the main topic All illustrations are aligned to each other	Support the main topic Illustrations are not aligned to each other	Do not support the main topic	No graphics or images used

Rubric Mind Map

	Awesome!	Cool	Nah...	What?!
Preparation	One main idea per sticky note Grouped into clusters	Too much info on sticky notes Grouped into clusters	Used sticky notes Not grouped into clusters	Did not use sticky notes
Central Idea	One clear central idea that clearly relates to the topic	One clear central idea that does not clearly relates to the topic	One central idea but did not relate to topic	No central idea
Branches	Uses main branches and several sub branches. Uses tertiary branches	Uses main branches and several sub branches.	Uses main branches and no sub branches	No main branches
Keywords/Links	Use keywords on the main branches and the subbranches. Uses links between different subbranches	Use keywords on the main branches and the subbranches.	Uses keywords on the main branches only	Uses no keywords
Colors & Graphics	Uses colors for each main branch and its subbranches Uses images/drawings	Uses colors for each main branch and its subbranches	Uses colors for each main branch	Does not use colors or images

CHECK-LISTS

Check-list Outlining

Uses one main point per line

Uses Roman Numerals

Uses on phrase per Roman Numeral

Uses secondary points

Uses lower case letters for secondary points

Uses tertiary points

Uses lower case i or numbers for tertiary points

Check-list Note Taking

Writes definitions

Uses own words

Uses number list and/or bullet points

Uses abbreviations

Uses symbols

Uses colors

CHECK-LISTS

Check-list Summarizing

Uses own words

Reduces every paragraph to one or two sentences
