

## HOW TO START USING THE PLATFORM

First go to the [curriculum](#).

The screenshot displays the 'Course Curriculum' page for the 'Stock Market Research Platform'. The page is organized into sections: 'INVESTMENT VISION, STRATEGY AND HOW TO USE THE PLATFORM', 'PORTFOLIO OVERVIEW - WHY I OWN WHAT AND OUTLOOK - Updated 26 August 2020', and 'LATEST FULL SECTOR ANALYSES'. The 'Stocks To BUY, SELL, HOLD - Quick covered stocks overview! 2021 January 22' lecture is highlighted with a red box. The left sidebar shows the user's profile 'SVEN CARLIN' and the 'RESEARCH PLATFORM' logo. The top navigation bar includes 'Admin' and 'Preview as'.

The key platform summary is the **Stocks to Buy, Sell Hold – quick covered stocks overview section.** (underlined above with red)

There you have the excel file with all the links to research reports and a complete comparative table of covered stocks.

The screenshot displays the 'Stocks To BUY, SELL, HOLD - Quick covered stocks overview! 2021 January 22' lecture page. The page shows a 'Download' section with two Excel files: '2021 Sven Carlin Stock Value List NORMAL FINAL.xlsx' and 'Covered stocks quick comparison.xlsx'. The '2021 Sven Carlin Stock Value List NORMAL FINAL.xlsx' file is circled in red. The 'Discussion' section is visible at the bottom, showing a comment box for 'Sven Carlin'.

The list contains all the covered stocks, their intrinsic value calculation based on the done research, the link to the research, link to intrinsic value calculation sheet in the same document, date of last update, status for me and various comments.

Excerpt from [Sven Carlin Value Stocks List](#)

There are approximately 40 stocks on the list now and my goal will be to increase the number to at least 100. Then I'll constantly try to rotate by eliminating the not interesting ones and adding better ones. (I am sure I'll increase the price of my platform when I reach 50 covered stocks and then 100 again – so you can lock in the current price now forever – even as the platform content grows, you have your priced locked in)

There you also have my last [portfolio update](#) while the last portfolio transaction can be found within the final document withing the specific portfolio section (I have a specific document for every transaction that I made in the past, so it is a bit crowded – I will clean it up a bit over time).

However, the key are the future transaction and the above table, so that you can see what best fits you. (I send an email as soon as I make a transaction)

The next sections hold the latest sector analyses followed by the list of research on the covered stocks. The latest portfolio transactions follow.

### Following the portfolios

Whenever I do something, I'll send an email. Investing is a process so give yourself time. The platform contains more than 3 years of work so it takes a bit of time to learn what is best but over one earnings season, as I update things, you should know well what works for you and what not.

### Feel free to ask

If there is anything else, please feel free to ask things in the comment section below! Thank you for being here, it is a great responsibility to help people with their financial decisions so I'll do more than my best to over-deliver.

Regards, Sven

DON'T FORGET TO ALLOW FOR ALL EMAILS IN THE SETTING (just rules, don't worry – your email will never be shared with anybody and used only for platform updates)
