Five Strategies for Getting a Relaxing and Restful Sleep

by Margrett F White

The consequences of sleep loss include not only higher stress and reduced performance at work, but even an increased chance of stroke risk and other deadly ailments. By focusing on ways to ensure a good night's sleep, you can make your life longer and happier.

Boundaries and Bullies

by Rodger Hyodo

When does persuasion become bullying? Is it when information people of manipulating your decisions is being presented in ways you are unaware of perceiving?

Don't Depend on Will Power for Weight Loss Success

by Tanja M Shaw

When it comes to losing weight don't rely on your will power. Will power is a limited resource, and it's easily eroded by stress, fatigue, anxiety, happiness, or pretty much any emotion or situation. It wavers when someone offers you a piece of chocolate, and admits defeat at the smell of fresh baked pie.

Why Individuals Now Opt For All Natural Skin Care Products

by Sam Melvin

Making use of effective skin care products can help individuals improve their looks. Aside from that, individuals can also be sure that their needs are catered to properly, giving them better opportunities to improve their lifestyle.

Is Your Food Making You Sick?

by Lorraine Matthews Antosiewicz

Twenty-nine year New Jersey school teacher, Jennifer Vigne, struggled with what she called an "uncooperative digestive system" since she was a child. Over the years, her doctors ordered many tests and performed exploratory surgery looking for the cause of her symptoms but nothing turned up. Finally, about 10 years ago she was diagnosed with a
