

YOUR VISION FOR BUSINESS AND FUTURE

Please give this some good thought and take the time to really *feel* into your answers. I promise you it will be a lot more powerful.

How do you see your new successful business changing your life in 1 year? 5 years?

What do you want your lifestyle to look and *feel* like long term?

What sort of impact will your successful business have on your family? health? happiness? home? confidence? relationships?

What cost will you have paid in your life by NOT taking action to build your business? Would your future self be thriving?

Where will you be in 5 years if you let your fears keep you comfortable where you are now? Do you like the answer?

How will you feel in 5 years when you DO build a thriving business?
(I hope "proud" is in this list!)
