

Welcome!

I'm so glad you've joined us! We'll be sharing the miracle of reading with your young child. The Nurturing Your Young Reader class offers loads of information about [the process of learning to read](#) as well as tons of ideas to help with the process.

The class is designed for parents, care givers, grandparents, and any other adult who is blessed to be helping a young child learn to read. There are twelve lessons in all, covering topics ranging from learning language skills to improving memory, from [alphabet skills](#) to sight word skills. Each lesson has information for you to read and consider, as well as a selection of activities that you can try with your child.

By the end of our time together, you will have accomplished the following goals:

- Developed a basic understanding of the process of developing reading skills.
- Discovered the importance of nurturing language skills.
- Uncovered the best strategies to help your child become literate.
- Found the connection between traditional activities for infants, toddlers and preschoolers and reading skill development.
- Learned over 40 games and activities to practice vital skills.
- And much, much more!

Each topic/lesson is designed to be completed in three to four days. The entire class should take about six weeks to finish. Feel free to work at your own pace, and remember that you can contact me at any time with questions, thoughts or feedback. Just drop an email to me at [sfleming1235 \(@\) gmail.com](mailto:sfleming1235@gmail.com).
