

# Stampin Up Ink Pads

# Classic Ink Pads

- Flip Top designed to be stored upside down
- Firm Foam stamp pads with fast drying, dye-based ink designed to be re-inked
- Firm foam pad lasts longer than felt pads and provides exceptional ink coverage, especially with solid-image stamps

Colors coordinate with  
cardstocks & markers &  
embellishments too

# Archival Inks: Two Colors

- Classic Archival Pads have permanent ink
- Perfect for water coloring projects
- Available in Black and Grey, same great style pad

Re-inkers

© Stampin Up

# Re-Inkers

Using the re-inker, cover the ink pad and then using the back of a spoon or even your bone folder, press the ink into the pad.

# How to Store your Pads

Item # 104335

© Stampin Up

Stamps are designed to be stored flat with the ink itself upside down. That keeps ink at the the top of the pad when you are ready to stamp.

The “Color Caddy” from Stampin Up holds stamp pads flat and allows you to organize by color family.

Re inkers are stored in tray on top.

Pinterest has many wonderful storage ideas too!
