

Supplies

In the video I tell you which paints I use.
These are all acrylic paints.

I really like Liquitex paints as the colors are creamy and rich.

You will need a 12"x24" canvas for each wing
Or you can use a 24" x 24" canvas for both wings

I use a 1" brush which I show you in the video
I will often use a ¼" brush and a small detail brush.

A jar of water to rinse your brushes in

Love Janice
