

How to Create a Virtual Choir

Rev. Jim Keat

Digital Minister, The Riverside Church

Director of Online Learning, Convergence

What?

Why?

How?

What?

Why?

How?

What is a virtual choir?

All the churches

Multitrack Recording

**You don't have to be
a professional audio
or video engineer
to create a virtual choir.**

**Why should you have
a virtual choir?**

“I go to the church for the music.”

**Seeing a familiar face goes
a long way, especially when we
are all physically distant.**

How do you create a virtual choir?

- 1. Share a lead track.**
- 2. Record isolated tracks.**
- 3. Mix it all together.**

(at least) 2 ways

Acapella

Final Cut Pro X

(or Premiere Pro or Davinci Resolve or any video editor that lets you edit multiple layers)

**You don't have to be
a professional audio
or video engineer
to create a virtual choir.**

**Start where you are
with what you have
and improve from there.**

**Send me a link
to what you create!**
