

## **Secure Parenting Strategies**

(with suggested demonstrations and ideas)

Below is a comprehensive list of the demonstrations and related ideas to support the core strategies discussed in Module 2, Lesson 3. This resource can be used as a reference as you process through your healing journey.

In the column entitled Target Area, you can place a "+' in the areas where you feel you are doing well, a "+/-" for those you are in the process of working on, and an "-" in the areas where you need to ask for help or look for support.

CORE STRATEGY #1: Promoting Growth and Development			
Demonstration	Make and pursue plans for self-improvement	Target Area	
Ideas for building	Set personal goals and commit to them by		
out demonstration	visualizing and talking about them		
	Evaluate ways to meet personal needs, generate		
	alternatives for achieving plan, access available		
	resources, i.e., library, service center		
	Make an intentional effort to set aside time and		
	money to meet goals		
	Ask for support		
	Continue to practice lifelong learning		
Demonstration	Guide and mentor other family members	Target Area	
Ideas for building out demonstration	The dividual of the conduction (all the conductions)		
	Guide decision making by other family members by encouraging critical thinking (learn to ask good questions)		
	Provide opportunities to expand knowledge and abilities by nurturing a sense of adventure (trip to the library or museum, research a common topic of interest together)		
	Remember, you can be a teacher and a learner at the same time		
Demonstration	Foster informal education of children	Target Area	
Ideas for building out demonstration	learning,		
	Respect culture differences in communication as well as learning styles,		
	Encourage language development by reading, singing, telling stories, etc.,
