

Self-Paced Assignment

- 1) Choose a minimum of 3 companies to invest in.

Remember the course on picking stocks? This will serve you well as you survey the landscape and decide on the stocks you will invest in.

- 2) Do a fundamental analysis on those companies using the L6- Chapter 1 Fundamental Analysis.
- 3) Share with the class your picks and why you chose them! We are all ears and ready for some great input on your selections!
