

INSTRUCTIONS

These missions are to be completed individually. Each 50 point mission comes with a video weblink. Students are to watch the video, identify and draw a minimum of 15 words or expressions from the video. See included sample. When a student completes a 50 point mission, you may stamp or initial that completed mission on their mission tracking sheet. Student work may be scored by using the included point scale as a rubric.

These missions are to be completed individually. Each 100 point mission comes with instructions. When a student completes a 100 point mission, you may stamp or initial that completed mission on their mission tracking sheet. Student work may be scored by using the included point scale as a rubric.

These missions are to be completed with a partner or partners. Each 500 point mission comes with a practice sketch (with interchangeable vocabulary). Students should practice before creating their own sketch. When students complete a 500 point mission, you may stamp or initial that completed mission on their mission tracking sheet. Student work may be scored by using the included point scale as a rubric.

These missions are to be completed as a class. Each 1000 point mission comes with instructions. When the class has successfully completed a 1000 point mission, you may stamp or initial that completed mission on the mission tracking sheet of each student. Student participation may be scored by using the included point scale as a rubric.
