

seven pillars **2**power

## Signature Community Leadership Program

*Xcellence, Inc.'s 7 Pillars of Power Community Leadership Program* is a signature course. Our goal is to develop, empower, and promote leaders desiring to become a leader, be empowered as a stronger leader, seeking developing as a leader, and desire to see change and make a difference in their communities across the country with specific emphasis on these seven areas: family, spiritual, business, education, arts and entertainment, media, and government.

Through these series (5) interactive modules, the program focuses on utilizing personal gifts and talents for each participant to do their part to become a change agent in their specialized area and identify additional areas within the community in which they desire to learn and grow. Participants completing the course requirements receive an official Seven Pillars to Power Community Leadership Certificate and become a member of Xcellence, Inc. as a Sister-in-Xcellence (#Six) or Men-in-Xcellence (#Mix). We are a global community of individuals seeking Xcellence in every area of our lives. Visit [www.xcellenceinc.org](http://www.xcellenceinc.org) to learn more about our organization.

We realize there are many individuals who are willing to give their time and talents to serve the needs of others. However, it is often difficult to find individuals who are willing to step up to the plate to serve in leadership roles. Confident, skilled, and knowledgeable leaders are needed to inspire, lead, and build dynamic and viable organizations and communities.
