

From left to right:

- Gray Zentangle® tiles. Alternatively, use any light gray (or white) cardstock paper cut to 4x4 inches (10x10cm).
- Dark blue PN Micron pen. Alternatively, use a black PN pen.
- Blue 01 Micron pen
- Gold gel pen. I use Sakura Gelly Roll.
- White gel pen. I use Sakura 05 Gelly Roll, but any width will work.
- White colored pencil (I use Prismacolor or Polychromos)
- Watercolor pencils in light blue (light cobalt turquoise), medium blue (light ultramarine), purple (violet), dark blue (indanthrene blue), brown or bronze (burnt sienna or bronze) and black. My favorite brand is Faber Castell Albrecht Durer.
- Waterbrush or watercolor brush and a glass of water.
- Paper towel.

If you do not have watercolor colored pencils, feel free to use regular colored pencils and an alcohol marker blender.
